Program: Management	Registration “Face to Face” or “Face to Computer” Only What Benefits the Region Most?	Identifier: MGT EXPO 212 Original Pages : 3 Effective Date: January 2015
----------------------------	---	---

DESCRIPTION

1. A 1 hour and 15 minute workshop, including Q&A and PowerPoint presentation for 2015 EXPOs.

2. GOALS

- Discuss what impact e-signature technology has on the registration process.
- Discuss and understand how the Region is going to accommodate the issues that could be a result of parents having little or no contact with the AYSO Regional Board.
- Outline ways the Region can compensate for this lack of face-to-face contact.
- Explore the benefits of personal interaction with your potential volunteers and players.
- Debate the pros and cons of “Face to Face” versus “Face to Computer” registration.

3. PREREQUISITES

None

4. INSTRUCTOR Qualifications

Management Instructor if taught at the Region or Area level, Advanced Management Instructor if taught at an EXPO.

5. STUDENT MATERIALS

None

6. INSTRUCTOR EQUIPMENT AND MATERIALS

- Flipchart(s)
- Markers
- LCD Projector
- Screen (optional)
- Masking Tape (provided by instructor)

7. INSTRUCTOR NOTES

This is an interactive workshop that explores both types of registrations, Face to Face and Face to Computer (online registration only). The instructor should consider her/himself as a facilitator for the sharing of information. Remaining neutral will bring out honest opinions from all participants. They should be free to think about the pros and cons of both registration processes and leave the workshop with an open mind.

Go over the PPP at least 4 – 5 times. Do it first a couple of times looking at the slides with the instructor notes below the slides and then a few more times in Slide Show format. This will familiarize you with the clicks and animation.
