### General

- A thorough review and practice of the PPP is necessary to fully comprehend the instructor notes, and especially the animations in the presentation. Without knowing when to click or advance the slides the PPP will not properly support the instructor's teaching process. This PPP only supports the instruction, and does not provide a full teaching experience.
- Instructors for this workshop should have a working knowledge of AYSO's adult program, NAASA adult leagues, and the history and other information regarding the formation of AYSO's adult program through current day affiliations within US Soccer.

- This workshop is best taught by someone who is a subject expert within the adult division of AYSO.
- The instructor should have the skill set to create an interactive workshop, and not a total lecture instructing format.
- Make sure there is enough time to create dialog at the end of the workshop to answer any and all questions regarding adult soccer in AYSO. If questions are asked and the instructor(s) cannot answer them correctly, the instructor should record the question, the name of the person who asked the question and their contact information for a reply within the next 10 days following the EXPO.
